The 10th Purification Azalea Festival for the Inheritance of Heavenly Fortune was full of grace with the blessing of True Parents, Heung Jin Nim and Dae Mo Nim and the passionate hearts and prayers of all the members. Also, there was a time to listen to True Mother's words that made a video specifically for the participants of the Purification Azalea Festival despite her busy European schedules.

The following is True Mother's speech:

“Beloved blessed families! Warm greetings to blessed families from around the world participating in this Purification Azalea Festival. In commemoration of fifty years of mission work in Europe, I have come to Europe to encourage all members here for their hard work.

In order to do so, I am praying here high in the Alps with True Father so that members worldwide can become one in heart and purpose in achieving God's providential Will, which is the realization of one big family, a world that our Heavenly Parent and the seven billion people of the world have hoped for.

As I look at the beautiful scenery here, I imagine the beautiful nature where you are in Chung Pyung and contemplate on how we can make Korea, which can become the homeland of our faith and God's homeland, even more beautiful – to the extent that blessed families worldwide would want to live there.

I am offering conditions, thinking of the future in Korea where people can fully experience and enjoy the atmosphere of True Parents' love. As of tomorrow, I will begin my official schedule of meeting European members.

I sincerely hope that all of you who have gathered in Chung Pyung can fulfill your tribal messiahship responsibilities and as blessed families who have lived in the same era as True Parents, become true filial sons, filial daughters, loyal patriots, divine sons and daughters, saints and true owners as blessed families who have lived in the same era as True Parents.”
