As I watched your enthusiastic performance, I began to think of the 1960s. At that time, I was seventeen! I was younger than any of you are now. However, because I knew that Heaven had a big dream for me, I said that during my lifetime I would become the only daughter of God, a True Parent, of the True Parents whom humankind has hoped for and waited for, and achieve Heavenly Parent's dream.

I have lived with this unchanging heart for fifty-seven years. Now if the three years until 2020 when we have to fulfill our responsibility in front of Heaven passes, I would have followed this path of embracing Heaven's will with single-hearted devotion for sixty years. At the beginning, the foundation for True Parents was very weak. There were only a few members. This moment you are looking at today has passed through the national foundation and has become the global foundation. If you compare the goal that you have decided to accomplish to circumstances when I began in 1960, you today are looking at a global foundation. In the beginning, the Creator, God, created the universe and lastly created Adam and Eve, who would become the first human ancestors. God gave Adam and Eve responsibilities. The growth period... In the growth period, they should have become absolutely one with God, have grown in a healthy manner, become beautiful and finally, have been in the position to receive God's blessing.

However, they began to look towards themselves greedily. This was the Fall. Heaven's creation follows the principle of circulation in which creation can continue eternally. Due to this, God had no choice but to abandon fallen Adam and Eve. However, in accordance with God's purpose of creation, God could not create someone else to become the first ancestor of humankind. The Fall caused the difficult path of indemnity. God had no choice but to begin the lonely and difficult path of restoration through indemnity. How difficult must it have been that it took four thousand years to choose the Israelites and fulfill restoration through indemnity? Because lost humankind must become the center, Heaven had to go through the difficult course of restoration through indemnity. After four thousand years, when the Israelites had created the national foundation, Heaven sent the only son of God, Jesus Christ. However, the result was that humankind could not fulfill their responsibility.

Mary (who gave birth to Jesus), Zachariah's family, figures in Judaism and the Israelites should have united with Jesus. Furthermore, Mary should have created the foundation for Jesus to become the True Parent. She did not fulfill her responsibility to create the environment and lived with Joseph. The two thousand years of Christian history was the providence to find the only daughter of God, who had not been found at Jesus' time. As Jesus died on the cross, he said he would return. He said he would come back and hold the marriage supper of the Lamb. Christianity of today does not understand what those words meant. Heaven cannot raise and use again the Israelites, who did not fulfill their responsibility. The foundation to find the only daughter of God had to be raised anew. That is why Heaven chose and raised a benevolent people, the Korean people, who could give birth to the only daughter of God.

If you follow the stream back through Korean history, Heaven blessed the Republic of Korea, this people, because Heaven blessed Korea to give birth to the only daughter of God that had gone undiscovered two

thousand years ago. You must know this. Therefore, throughout history the Korean people were a good people. They hated war. They were a cultured people, a cultured people who maintained things such as Goguryeo for a thousand years. After that was the nation of Goryeo. They took the “go” from Goguryeo and named it Goryeo. Those in Goryeo also did not fulfill their responsibility, so the Yi Dynasty came to be. Furthermore, the Yi Dynasty adopted the name Choseon. From Gochoseon, they took “choseon” and made it to their name. However, in 1945, coinciding with Korea’s liberation, the monarchy collapsed, communism and democracy and took over North Korea and South Korea. The southern part, which gave birth to a democratic nation, was called Korea, the Republic of Korea!

Not Choseon and not Goguryeo but Korea! If you look back, Heaven had chosen and raised the Han royal family, the Han Empire. Therefore, the conclusion is that it became Korea. Just by looking at this, you can see not human power but Heaven’s providence that did this. Therefore, in 1960 many miraculous things happened. Many people had revelations saying the mother of the universe, the one who will come as the True Parent will have the “Han” family name. The foundation for the only daughter of God must come from the Christian foundation. There is plenty of evidence. My parent, my biological parent, stood in the center of the divine culture when Christianity came to this nation. Therefore, at that time there were famous divine pastors! The pastors were Lee Yeong-do and Lee Ho-bin. Rev. Lee Ho-bin prayed over my parents, saying they were a beautiful couple and they would become a precious couple through whom Heaven would accomplish great things.

After that I was born. Right after I was born, Satan tried to kill me. Satan said, “The world up until now has been under satanic dominion, but through your birth, I will die. That is why I must kill you” and tried to kill me. However, Dae-mo nim fought through the night and won. She is someone who had lived her whole life for the Messiah, for the only daughter of God. She is someone who has invested her entire self to creating the environment in which the achievement of True Parents’ was possible. That is why this Cheongpyeong providence began. It was something no one else had been able to accomplish. She is someone Heaven recognized. She is someone who has conducted providence that you do not know and only Heaven knows about.

That is why she could receive the title “Dae mo” [Great Mother]. On the year Dae-mo nim turned a hundred, she joined Dae-bu nim. You must know this. Heaven found and gave birth to the only daughter of God after six thousand years. That only daughter of God took the path of a True Parent with unchanging single-hearted devotion. I lived with the heart, even to this day, that I will certainly realize Heavenly Parent’s dream of, humankind’s wish for True Parents. Now there are 1,200 of you. I have walked this path for fifty-seven years, but there are 1,200 of you. If you unite with me, we can create explosive power and results. Don’t you think so? We will assuredly achieve national and global restoration by your hands! I will remember each and every one of you in my heart. I want to carry the joy of working together with all of you with me on the day that I go to the spirit world! You will go out with unchanging, single-hearted devotion as Cheon Il Guk Special Forces until the day we can raise the flag of victory. Right? Congratulations. Congratulations.
