## **a Special Banquet for the American Clergy Leadership Conference (ACLC) was held with True Parents.**

True Parents reminded the ACLC members to fulfill their responsibility by saying:

**“You are the ones who must stand before fallen humanity as spiritual leaders. You must know when the time comes.” They went on to say, “there is a passage from the Bible “new wine must be poured into new wineskins.” Today, you should take off all that you have worn in the past and wear the new clothes of True Parents’ Words with truth. You are in the position of teaching those who have fallen about spirituality.”**

They emphasized that ACLC members living in this age of Cheon Il Guk should continue this proud traditions of being religious leaders forever by becoming one with True Parents.

*ACLC began in May 2000 when 120 US clerics from 17 Christian denominations came to Korea for the launch of the United Clergy Union. They have been engaged in interreligious and ecumenical activities, such as holding seminars, marches, and encouraging a revival and renewed interest in world peace in accordance with the peace ideas of True Parents.
