Kidnap Victim Toru Goto Meets True Parents

Sun Myung Moon

April 23, 2010

This picture was taken after Mr. Toru Goto met True Parents for the first time. Upon meeting him, True Parents asked their staff to quickly bring out the food for Mr. Goto, so that he could eat, treating him as though he had just gotten out of confinement. True Parents did not eat until Mr. Goto had completed eating and they had bestowed gifts upon him, including one of True Father's own neckties. At this meeting, True Parents said that more than 10,000 church members in Japan have been kidnapped and forced into confinement and told those present to fight the battle for liberation of Japanese members and win without fail.
