Translation of 2010 True God's Day Midnight Prayer

Sun Myung Moon

January 1, 2010

Beloved Heavenly Father! Here stands high Cheon Jeong Gung, the palace of the heavenly kingdom, where representatives of the pure heart [cheong shim], whose minds and bodies are immaculately united within the realm of cosmic Sabbath, and who are victorious representatives who have triumphed over the world's abominable, satanic history, are gathered here today as heirs in the position of the owners of this palace. You have become one in body with the Parents on earth who stand as Your counterparts, and who have established Cheon Jeong Gung. This was all done in front of Heaven in order to eliminate all paths of lamentation and of suffering.

To establish the realm of oneness of heart in heaven and on earth, as desired by God, our Father in heaven and the trinity who came and went in His stead became one, and in turn united in one heart and one body with the many saints and sages who had sacrificed themselves in the religious realm. And finally, in the True Parents' name, on earth, we have triumphed over the millions of hardships on the main path of suffering in the satanic world, on the foundation of the supreme victory in our hearts, and True Parents have finally won the supreme victory.

By establishing this palace wherein heaven and earth can become one, and centering on the thirteen years based on the ideal of the establishment of Cheon Il Guk in one generation that can transcend the history of seven thousand years, we have passed through the single-digit numbers, one through nine, and reached the two-digit number, ten. To reach this horizontal two-digit number, and place on it the victorious and supreme authority of True Parents, the invisible Father and the visible True Parents of the perfected adamic ideal have climbed over hills of suffering and death in attaining the unified realm of pure heart [cheong shim] and the unified realm of all victories [man seung].

As the owners of this palace, we have lived through the first nine years since the establishment of Cheon Il Guk, thus passing through the single-digit years — one, two, three, four, five, six, seven, eight and nine — and reaching the tenth year, a year expressed in a two-digit number, where the give and take between the horizontal and the vertical can take place and the perfection of the number seven and the number nine can be attained. By reaching the two-digit number ten, and going on to the three numbers of eleven, twelve and thirteen, we can now serve Heaven with the authority of the completely victorious prince of all victories based on the three years that are left to us until we cross the number thirteen, and the three vertical stages of formation and growth on the horizontal line of progress.

Thus, everything that is defiled in heaven and on earth can be purified and this world can be made into a unified world of purity, pure blood and pure love, and True Parents can become not only Your representatives but also the heirs to Your complete authority. Under the banner of True Parents' supreme victory, True Parents have liberated and fully freed heaven and earth and have completely opened the gates to hell so that only God can be connected to earth. They have brought to the world the textbook and teaching materials on the traditions that God wished to set up on earth, so that they may remain forever as His traditions in heaven and on earth. Thus, by the 22nd of last month, everything was completed through True Parents.

Until now, we have personally taken on the responsibility of making the center of education based on this textbook and these teaching materials, and have become one with our sons and daughters in our family so that we can inherit the entire kingdom of heaven and God's supreme ideal, envisaged at the time of the Creation, with the supreme victory by which we can transcend the realm of princes and princesses who failed to exist in the heavenly kingdom. Uniting the family, tribe, people, nation and cosmos that failed to come into existence in the kingdom of heaven, You have, together with True Parents, gone through the Coronation of Liberation and

Complete Freedom and celebrated the golden wedding anniversary, and now all that is left to us are the three years until we reach our final destination of perfection, after passing through the eleventh, twelfth, and thirteenth years centering on the final, tenth, stage.

Today's new tenth stage will cross the valley of the sorrow of the Parent in heaven and the Parents on earth, and with the privileged authority of liberation and freedom, we will march forward toward heaven and earth's one goal, the foundation of the victorious supremacy and of the kingship of the victory of all nations. We are truly grateful for the grace of God and True Parents, who have allowed us to usher in this era wherein we can reach our goal directly, by crossing the shortest distance possible, and in the realm of the mind with one focus, each and every one of us will overcome all suffering and advance toward supreme victory.

We followed God throughout Korea's history, the invisible God in heaven as well as his visible representative in the palace, the king, and brought Cain and Abel to submission and crossed the crest of the blessing by which we can become one in mind and body with God, as His direct descendants based on His bloodline. Father, You have allowed us the privilege of liberation by blessing all created beings after passing through suffering for the sake of liberation and freedom, so please permit us to become the citizens of the heavenly kingdom who can experience gratitude to God and True Parents.

The patriots and virtuous men and women in heaven are grateful to You for opening for us the world that knows not the Fall, wherein we can serve God and the Parents and establish the kingdom of peace wherever and however we wish to construct it. Please therefore allow us, from this day forward, to become the sons and daughters of True Parents who can inherit all the authority and power of Heaven as representatives of God, and to become the ancestors who can inherit the blessed lineage as princes and representatives of kingship. We are here today, hoping to become the owners that can guide all of heaven and earth into the our Heavenly Father's liberated realm, so please bestow Your blessings on us and permit us to go beyond the tenth and eleventh stages and become the heirs of the supreme victory of liberation, freedom and perfection and to live with our ancestors in heaven and our descendants on earth as we serve God together.

I report and declare this in the name of True Parents. Aju, Aju, Aju.
