Benefits for staff: Chung Pyung will cover the workshop fees for all staff except university workshop team

leaders. There is usually also some support towards flights (Please email treeofblessing@gmail.com for more information). The experience itself is also hugely beneficial as being staff on any workshop is. The difference here is the truly international quality of the workshop, and the nature of CP which you obviously benefit from as well including receiving a 40 day workshop certificate. However, the most important benefit is that you can make a HUGE impact in the experience that your younger brothers and sisters can have in this special place. It is a challenging workshop for them in many ways, and they know that coming here, but the support they receive from staff and team leaders and parental figures, makes a big difference to the success of their experience.

Medical Insurance for Travelling Abroad (Traveller's Insurance). Even if you obtain traveller's insurance, you will be asked to pay the hospital fee first and receive reimbursement later. Please prepare extra cash for emergency medical expenses. If you have proper insurance from CIGNA International Expatriate Benefits, you can receive medical treatment without paying the whole payment, by paying the required deduction amount plus your percentage of the total subsequent costs according to the contract you made with the company. But please check details with the company whether it can be used in South Korea or not.

Members coming to Korea from abroad must usually obtain a 90-day visa, before coming to the workshop. (Members in the USA and most of Europe do not need a VISA). The Training Centre cannot acquire or extend visas for you. If your visa expires while you are in Korea, the immigration office will charge you a penalty of \$100 US per month and your name will likely be placed on a "black" list.
