WFWP and UN

Inauguration of Abel Women UN(GWPN)

However, the work for world peace WFWP has carried out until now should not remain at its current stage. It should be expanded and developed to the next stage, so that it can work together in solidarity and cooperation with woman leaders and NGOs from all parts of the world and strive to follow the path of the establishment of the ultimate world of peace. **In order to do that, WFWP should go beyond the level of a women's NGO, bring together the governments, organizations and individuals across the world and march forward. The establishment of a great organization under the name, Abel Women UN, is absolutely necessary to bring this about. It is, in fact, the absolute decree of God's providence.**
